Complete your Company Profile

Once you have successfully been set up as a Supplier on eTenders, we recommend you complete as many fields as possible on your Company Profile. Company profile information assists Buyers in their selection of Suppliers for quick quotes and other activities. Your company profile is a valuable promotional tool.

To update your company profile, go to Administration at the top of your home page, then click on Company Administration. Go to Company Profile and click Edit. Fill in all fields accurately and click Save.

Manage Business Alerts

Now that you are an eTenders Supplier, you can set up your Business Alerts so that you do not miss out on a business opportunity.

On your home page, on the left hand side, click on Manage Business Alerts.

• Add email addresses where business alerts will be sent.
• Add CPV codes for products/services that you supply.
• Click ‘Done’ when you have finished.

An email alert is sent every night if any new RFTs are published matching your categories.

For a full Supplier Registration Guide go to: www.etenders.gov.ie/supplierguidance and read No. 4 Supplier Registration Guide.

CPV Codes

CPV (Common Procurement Vocabulary) Codes are used like a barcode to reference a category of goods/services provided by Suppliers.

The benefits to Suppliers in using CPV codes are:

• You can receive alerts on new RFTs published that match your category.
• You will appear in the results of buyers searching for suppliers to add to their RFTs.

NOTE: CPV codes are listed in a tree format. See below. If you select a CPV code lower in the category tree it will still alert you on all codes from the top down to ensure you don’t miss out on an opportunity.
The Supplier Registration Form

Go to www.etenders.gov.ie and click on Supplier Company Registration.
